15. Frequently Asked Questions

1. Purpose and Objectives

Nexora Technologies Ltd. ("Nexora" or "the Company") expects its people to travel and incur business expenses when this helps serve customers, deliver projects and build the business. This policy sets out what the Company will pay for, how much it will pay, how employees must claim, and how Finance reviews and settles those claims.

The policy has four objectives. First, it protects employees from paying out of pocket for legitimate business costs. Second, it gives managers and Finance one consistent standard, so that two employees of the same grade travelling to the same city are treated the same way. Third, it keeps the Company compliant with the Income Tax Act, the GST law and its own audit requirements. Fourth, it keeps travel spending proportionate to the value of the work being done.

This policy works together with two companion documents. The **Meal and Hotel Spending Limits** document (NX-FIN-POL-013) holds the detailed limits by grade and city tier. The **Approval Rules and Exceptions** document (NX-FIN-POL-014) holds the approval matrix and the exception catalogue (codes EX-01 to EX-12). Where this policy refers to a limit or an exception code, the companion document is the authority.

2. Scope and Applicability

This policy applies to all permanent employees, probationers, fixed-term employees, interns and consultants working on the Company's payroll or contract who travel or spend on the Company's behalf within India or abroad. Contractors are covered only to the extent that their contract provides for reimbursement of expenses.

2.1 Grades covered

Entitlements depend on the employee's grade at the time the expense is incurred, not at the time of the claim. The six grades in use are:

Grade	Title	Typical band
L1	Associate	Entry level
L2	Senior Associate	Experienced individual contributor
L3	Manager	First-line manager
L4	Senior Manager	Senior manager
L5	Director	Director and function head
L6	Vice President	Vice president and above

2.2 Types of travel covered

- Customer visits, onsite deployments and project work at client locations.
- Internal travel for training, quarterly business reviews, audits and recruitment drives.
- Attendance at conferences, trade fairs and professional events approved by the manager.
- Temporary assignments of up to 14 nights at one location. Longer stays require approval under exception EX-12.

2.3 Expenses not covered by this policy

Daily commuting between home and the regular place of work, relocation and transfer costs, and employee welfare spending are governed by separate policies issued by Human Resources.

3. Definitions

Term	Meaning
Claim	A request for reimbursement of one trip or one event, raised in the Expense Portal. One claim can hold many expense items.
Expense item	A single line in a claim, such as a hotel stay or a set of meals, with one category, date, amount and receipt.
Reporting manager	The manager recorded in the HR system as the employee's first-level approver.
Department head	The most senior leader of the employee's department, with authority over the cost centre.
Finance Controller	The Finance team lead who reviews claims above the manager level and conducts audits.
City tier	Classification of a city (Tier 1, 2, 3 or International) used to set hotel and meal limits.
Policy limit	The maximum amount payable for an item under this policy and its companion documents.
Exception	Approval to pay more than the policy limit, or to accept a document that does not meet the standard, granted under the exception catalogue.
Pre-approval	Written approval given before the expense is incurred.
Trip end date	The date the employee returns to the base location. Submission deadlines count from this date.
Expense Portal	The Company's online system for submitting, approving and tracking claims.
Working day	Monday to Friday, excluding Company holidays.

4. Roles and Responsibilities

Role	Responsibilities
Employee	Plans travel within policy, books through approved channels, keeps receipts, submits accurate claims within the deadline, and declares any personal element in a trip.
Reporting manager	Approves the business need for travel before it happens, reviews claims for reasonableness, and confirms that the stated purpose is genuine.
Department head	Approves mid-value claims and all pre-approvals for conference, international and extended-stay travel in the department.
Finance Controller	Checks claims against policy limits, receipts and tax rules. Approves high-value claims and grants exceptions within delegated authority.
CFO	Final approver for claims above INR 2,00,000 and for exceptions that exceed delegated limits.

Role	Responsibilities
Accounts Payable	Processes approved claims, withholds applicable taxes, and pays the employee by bank transfer.
Internal Audit	Samples claims every quarter, tests compliance and reports findings to the Audit Committee.
Human Resources	Maintains grade, manager and department data, and handles disciplinary action for policy breaches.

5. Travel Planning and Booking

5.1 General principle

Employees must choose the most economical option that is reasonable for the purpose of the trip, taking into account time, safety and the cost of lost working hours. The cheapest fare is not mandatory when a slightly dearer option saves a night in a hotel or avoids a missed customer meeting, but the reason must be stated in the claim.

5.2 Air travel

- Domestic flights are booked in economy class for all grades. The cap for a domestic return fare is INR 22,000.
- International flights are booked in economy class up to INR 80,000 for return travel. Vice presidents (L6) may book business class on flights longer than six hours, up to INR 160,000.
- Directors (L5) may book premium economy on flights longer than six hours, where available.
- Domestic tickets must be booked at least 7 days before departure and international tickets at least 14 days before. Shorter notice requires exception EX-04 or EX-11.
- Tickets must be booked through the Company's travel desk or the corporate booking tool so that negotiated fares and GST invoices in the Company's name are obtained.

5.3 Rail travel

Employees in grades L1 and L2 travel by 3AC, and employees in grades L3 and above by 2AC, on routes where the journey is under 12 hours. Tatkal charges are reimbursed only when the travel could not be planned earlier. Where a train is available at a reasonable time, the manager may ask the employee to prefer rail over air for journeys under 500 kilometres.

5.4 Local transport

Local cabs, autorickshaws, metro and bus fares for business movement in the destination city are reimbursed up to INR 1,500 per day of the trip. Airport transfers are included in the daily cap. Employees are encouraged to use app-based cabs so that a trip record exists. Late-night travel, defined as a ride that starts between 10 pm and 6 am, may exceed the cap under exception EX-09, since safety is more important than cost.

5.5 Own vehicle

When an employee uses a personal vehicle for business travel with prior manager approval, the Company reimburses INR 12 per kilometre for a car and INR 5 per kilometre for a two-wheeler. This rate covers fuel, wear and maintenance. Toll and parking charges are reimbursed separately against

receipts. Distance is taken from a mapping application screenshot attached to the claim.

5.6 Booking channels

Hotels should be booked through the corporate booking tool or a hotel on the Company's preferred list. Where a hotel is booked directly, the invoice must carry the Company's GSTIN so that input tax credit can be claimed. Unused bookings must be cancelled in time; non-refundable charges caused by avoidable cancellation are recovered from the employee unless the manager certifies a business reason.

6. Reimbursable Expense Categories

The table below summarises what can be claimed. Hotel and meal limits are shown by grade in the Meal and Hotel Spending Limits document.

Category	What is covered	Required document	Limit
Airfare	Return economy fare, plus seat selection and baggage fee up to INR 1,500 per trip	Airline e-ticket and GST invoice	Within INR 22,000 domestic
Train	Class-appropriate fare, reservation charge, Tatkal only if unavoidable	IRCTC e-ticket	Per class entitlement
Hotel	Room tariff and taxes for business nights only	Hotel tax invoice with GSTIN	Per grade and city tier
Meals	Breakfast, lunch and dinner while travelling, excluding alcohol	Restaurant bills, or declaration up to INR 300 per day	Per grade and city tier
Local Cab	Taxi, app cab, metro, bus, auto and airport transfers	App ride receipts or driver slips	INR 1,500 per day
Fuel and Mileage	Personal vehicle use for business, with prior approval	Map screenshot, toll and parking receipts	INR 12 per km car, INR 5 two-wheeler
Client Entertainment	Meals and hospitality for customers or prospects	Itemised bill and guest list with company names	INR 2,500 per head
Conference Registration	Fees for approved events and workshops	Invoice and approval email	Pre-approval needed; no fixed cap
Phone and Internet	Data roaming and business calls during travel	Operator bill	INR 1,000 per month
Visa and Forex	Visa fees, forex card charges and travel insurance for international trips	Official receipt	Actuals, reasonable

6.1 Airfare - practical rules

Fare differences caused by changes made for personal reasons are borne by the employee. If a flight is cancelled by the airline, the refund belongs to the Company.

6.2 Hotel - practical rules

The employee may stay with friends or family, but no hotel allowance is paid in that case. Only the actual business nights, from the night before the first meeting to the night of the last meeting, qualify.

6.3 Meals - practical rules

Meals are reimbursed on actuals up to the daily limit. The daily limit is a cap, not an allowance; employees are not entitled to the full amount if they spend less. Meals provided by the customer, the conference or the hotel package must not be claimed again.

6.4 Client Entertainment - practical rules

The most senior Nexora employee present must be the claimant. Entertainment above INR 20,000 per event requires pre-approval from the department head. Gifts above INR 5,000 per recipient are covered by the Anti-Corruption Policy and are not reimbursed through this process.

7. Claim Submission Process

Claims are raised in the Expense Portal. A complete claim contains one entry per trip, the stated purpose of the trip, one line per expense with the correct category, and a scanned or photographed receipt for each line above the exemption threshold.

Step	Action	Owner	Timeline
1	Create the claim, add items and attach receipts	Employee	Within 30 days of trip end
2	Submit for approval	Employee	Same day as step 1
3	Review business purpose and reasonableness	Reporting manager	2 working days
4	Review by department head, where required	Department head	2 working days
5	Policy and tax check by Finance	Finance Controller	3 working days
6	Exception decision, if any	Authorised approver	As per exception catalogue
7	Payment run	Accounts Payable	Every Friday after approval
8	Employee receives payment advice	Accounts Payable	Same day as payment

A claim submitted more than 30 days after the trip end date is treated as late and needs exception EX-06. A claim submitted more than 60 days after the trip end date will be rejected unless the CFO approves it. Claims will not be accepted after 90 days under any circumstances, except where a documented medical or legal reason prevented submission.

A claim that fails review is either returned for correction or rejected. A returned claim keeps its original date if the employee resubmits within 15 days. A rejected claim cannot be reopened; a fresh claim with additional evidence must be raised and will be reviewed as a new item.

8. Receipts and Documentation

Receipts are required for every expense above INR 300. Valid receipts include original tax invoices, e-tickets, app-generated ride receipts and card or UPI statements accompanied by the merchant bill.

A card statement alone is not enough, because it does not show what was purchased.

Situation	Document required
Amount up to INR 300 per item	Self-declaration in the portal, up to a combined INR 1,000 per month
Amount above INR 300	Original receipt or tax invoice
Hotel stays	GST invoice with the Company GSTIN, check-in and check-out dates
Airfare and train	E-ticket with passenger name and PNR
Client entertainment	Itemised bill, guest list with names and companies, business reason
Own vehicle	Map screenshot of the route, odometer reading if available, toll and parking slips
Lost receipt	Lost-receipt declaration (exception EX-05), allowed up to INR 2,000 per claim, twice a year
Foreign currency spend	Receipt in local currency and the card statement showing the INR conversion

Receipts must be legible, dated within the trip, and in the employee's name or the Company's name. Receipts that appear altered, duplicated or issued after the event are referred to Internal Audit.

9. Travel Advances and Settlement

An employee who expects to spend more than INR 20,000 on a trip may request an advance of up to 50 percent of the estimated cost. The request must be raised at least 5 working days before travel, with an itinerary and an estimate. Advances for international travel may be raised up to 70 percent of the estimate, given the higher forex and visa costs.

The advance must be settled within 10 working days of the trip end date by submitting a claim. Any unspent balance is returned to the Company through bank transfer, or recovered from salary after notice if it remains unsettled for 30 days. A new advance is not issued while an earlier one is outstanding.

10. Payment of Reimbursements

Approved claims are paid every Friday by NEFT or IMPS to the bank account held in the HR system, outside the monthly salary cycle. Claims approved by Thursday 5 pm are included in that Friday's payment run; later approvals move to the next run. The Company's service standard is payment within 10 working days of final approval.

Reimbursements are not taxable when they are actual business costs supported by receipts. Any amount paid without proper evidence, or that is found to be personal, is treated as a perquisite and taxed through payroll. The employee receives a payment advice that lists each item approved, any amount reduced and the reason.

11. International Travel

International travel needs pre-approval from the department head and the Finance Controller, and the CFO for travel by L5 and L6 employees. The employee must hold a valid passport and visa, and the travel desk will arrange insurance. Hotel and meal limits for international cities are listed in the Meal and Hotel Spending Limits document and are expressed in INR per night and per day.

- Travel must be booked at least 14 days ahead. Shorter notice needs exception EX-11.
- Forex is drawn from the Company's forex card; cash withdrawals are limited to 20 percent of the card load.
- Per diem is not paid. Meals are reimbursed on actuals up to the limit.
- Spending is converted at the rate on the card statement. If cash is used, the bank's exchange receipt is required.
- The employee must carry the Company's emergency contact sheet and register with the local mission when the trip is longer than 7 days.

12. Taxes, GST and Forex

Hotel tariffs attract GST of 12 percent for rooms priced between INR 1,000 and INR 7,500 per night and 18 percent above that. Input tax credit can be claimed only when the invoice carries the Company's GSTIN, so employees must give the Company's registration details at check-in. Airline tickets in economy class attract 5 percent GST and in business class 12 percent; the GST invoice must be attached.

Where an invoice is issued without the Company GSTIN, the claim is still reimbursed, but Finance records the tax as a cost. Repeated omission by the same employee is reported to the manager. Foreign currency amounts are converted at the card statement rate; any forex markup charged by the bank is reimbursed in full for business spend.

13. Non-Reimbursable Expenses

The following are not reimbursed, even if incurred during a business trip.

- Alcohol, tobacco and recreational substances.
- Personal entertainment, spa, salon, laundry for stays shorter than 5 nights, and minibar items.
- Traffic fines, parking penalties and late-payment charges.
- Costs of a spouse, family member or friend travelling with the employee.
- Upgrades, lounge access and premium seat charges beyond INR 1,500 per trip, unless approved under EX-07.
- Personal phone bills, subscriptions and streaming services.
- Gifts above INR 5,000 per recipient and any payment to a government official.
- Costs caused by the employee's missed flight or train, unless caused by factors outside the employee's control.
- Sightseeing and holiday extensions. If a holiday is added to a business trip, the employee pays for the personal days and any fare increase.
- Expenses already paid by the customer, a conference organiser or a credit card benefit.
- Medical costs, other than those covered by travel insurance.

- Loss or damage of personal belongings.

14. Audit, Compliance and Consequences

Internal Audit selects a sample of claims every quarter, with a focus on high-value claims, claims with exceptions and claims from employees with repeated exceptions. Finance runs automated checks for duplicate receipts, weekend spending patterns and amounts just below approval thresholds.

Breaches are handled in proportion to what happened. An honest mistake leads to correction and, where needed, recovery of the amount. Repeated carelessness leads to a written warning and temporary withdrawal of the right to claim without pre-approval. Deliberate false claims, altered receipts or collusion are treated as misconduct and lead to disciplinary action up to termination, recovery of the amount and, where the law requires, reporting to authorities.

Managers who approve a claim without reasonable review share responsibility for losses that follow from that approval. Whistleblower reports about expense misuse can be sent to the Ethics Helpline and are protected under the Company's Whistleblower Policy.

15. Frequently Asked Questions

Q: My flight was INR 25,000 return and the cap is INR 22,000. What happens?
A: The extra amount is above the cap. You can ask for exception EX-04 if the booking was urgent, otherwise the excess is not reimbursed.

Q: Can I claim a meal if the customer paid for lunch?
A: No. You may claim only for the meals you paid for yourself.

Q: I lost my hotel bill. Can I still claim?
A: Ask the hotel for a duplicate invoice. If this is not possible, use a lost-receipt declaration (EX-05), which is allowed up to INR 2,000 per claim.

Q: How long do I have to submit a claim?
A: 30 days from the trip end date. Up to 60 days with exception EX-06; after that only the CFO can approve it.

Q: Can I upgrade my room using my own money?
A: Yes, you can pay the difference yourself. Claim only the entitled amount, and attach the invoice.

Q: Do I get a daily allowance for travelling?
A: No. Meals are paid on actuals up to the limit.

Q: I travelled with a colleague. Who claims the shared cab?
A: The senior employee claims it and lists the colleague's name in the description.

Q: Can I claim an Uber to the airport at midnight above the daily cap?
A: Yes, if you raise exception EX-09 for late-night safety.

Q: Who approves my claim if my manager is on leave?
A: The delegate named in the portal, or the department head if no delegate is set.

Q: My claim was returned. What now?
A: Fix the missing item and resubmit within 15 days to keep the original date.

Q: Are international per diems paid?

A: No. Reimbursement is on actuals up to the limit.

Q: What if my manager approves spend above the limit?

A: A manager cannot approve spend above the limit alone. An exception must be approved by the authority in the catalogue.

16. Appendix A - Claim Checklist

- Trip purpose and city entered, with correct dates.
- Every item has the right category and a receipt where required.
- GST invoices carry the Company GSTIN.
- Meals are within the daily limit for your grade and city tier.
- Hotel nights are only business nights and within the cap.
- Pre-approvals attached for conference, international or extended-stay travel.
- Exception code selected and justification written, if any item exceeds a limit.
- Submitted within 30 days of the trip end date.

17. Appendix B - Revision History

Version	Date	Change	Approved by
4.2	1 April 2026	Updated hotel caps, introduced exception EX-12 for stays beyond 14 nights, clarified GST rules	CFO
4.1	1 April 2025	Added lost-receipt declaration limit and digital approval flow	CFO
4.0	1 April 2024	Policy rewritten and city tiers introduced	CFO and Audit Committee
3.0	1 April 2022	Introduced grade-based limits	Finance Director
